

High Output 60kva Perkins Diesel Generator 75dBA Low Noise Level

Basic Information

- Place of Origin: China
- Brand Name: Minlong

Product Specification

- Frequency: 50Hz
- Speed: 1500rpm
- Noise Level: 75dBA
- Starting System: Electric
- Control System: Automatic
- Fuel Tank Capacity: 1000L
- Fuel Type: Diesel
- Cooling System: Water Cooled
- Highlight: Perkins Diesel Generator,
Perkins Diesel Generator 75dBA,
60kva perkins generator

Product Description

Product Description:

Perkins Diesel Generator is a durable, heavy-duty diesel generator set with top-notch performance. It features automatic control system and water cooling system for efficient operation. Its dimensions are 2500mm X 1500mm X 2000mm and its weight is 3000kg, making it suitable for various applications. It is powered by diesel fuel, giving it the advantage of being reliable and efficient. It is designed to provide you with reliable power for many years to come. Plus, it is easy to maintain as it requires minimal maintenance. With its robust design and efficient operation, Perkins Diesel Generator is the perfect choice for reliable power.

Features:

Product Name: Perkins Diesel Generator

Warranty: 1 Year

Cooling System: Water Cooled

Control System: Automatic

Starting System: Electric

Engine Brand: Perkins

Advanced Diesel Electric Generator

Heavy Duty Diesel Generator

Durable Diesel Generator Set

Technical Parameters:

Parameter	Value
Product Name	Perkins Diesel Generator
Dimensions	2500mm X 1500mm X 2000mm
Fuel Type	Diesel
Fuel Tank Capacity	1000L
Cooling System	Water Cooled
Control System	Automatic
Voltage	400V
Power Output	1000kW
Weight	3000kg
Noise Level	75dBA
Starting System	Electric
Highlight	Advanced Diesel Electric Generator, Durable Diesel Generator Set, Durable Diesel Generator Set

Applications:

Minlong Advanced Diesel Electric Generator is an ideal choice for a wide range of applications, ranging from heavy-duty diesel generators in industrial and commercial facilities, to high output diesel generators for remote locations, and even for residential use. With 400V voltage, 50Hz frequency, 1500rpm speed and 75dBA noise level, this heavy duty diesel generator is designed to provide reliable and consistent power for long-term operation. It is backed by a 1-year warranty that ensures the safety of your investment and provides peace of mind in the event of any problems. The Minlong Advanced Diesel Electric Generator is perfect for those who require a reliable power source that can handle a variety of conditions.

Customization:

Minlong Perkins 1000kW Heavy Duty Diesel Generator with Advanced Diesel Electric Generator and Automatic Control System

Minlong Perkins 1000kW Heavy Duty Diesel Generator with Advanced Diesel Electric Generator and Automatic Control System, proudly made in China, is the ideal choice for industrial applications. It is equipped with a Perkins engine, with a power output of 1000kW and a noise level of 75dBA at 1500 rpm. The advanced diesel electric generator provides a reliable and efficient power supply, while the automatic control system ensures smooth operation and easy monitoring.

Support and Services:

Perkins Diesel Generator Technical Support and Service

At Perkins, we understand that reliable technical support and service are essential for keeping your Perkins diesel generator running at optimum levels. We have a team of experienced, knowledgeable professionals who are available to provide you with the highest quality service and support.

We offer a range of services, including:

24-hour service hotline for technical support and advice

Regular maintenance and service of Perkins diesel generators

A comprehensive parts catalogue for Perkins diesel generators

Customized technical training for Perkins diesel generators

Our team of experts can also provide you with advice on the best type of Perkins diesel generator for your needs and answer any questions you may have about our products and services.

Packing and Shipping:

Perkins Diesel Generator Packaging and Shipping

The Perkins Diesel Generator is packaged in strong, durable, and secure cardboard boxes. The box is designed to protect the generator from any potential damage during shipping.

The generator is shipped via a reliable courier service. The delivery time is based on the location of the customer, and can vary from a few days to a few weeks.

For customers who require faster delivery, we can offer express shipping. This will ensure that the generator reaches the customer in the shortest possible time.

FAQ:

Q1: What is the brand name of Perkins Diesel Generator?

A1: The brand name of Perkins Diesel Generator is Minlong.

Q2: Where is the place of origin of Perkins Diesel Generator?

A2: The place of origin of Perkins Diesel Generator is China.

Q3: What type of fuel does the Perkins Diesel Generator use?

A3: The Perkins Diesel Generator uses diesel as its fuel.

Q4: What type of voltage does the Perkins Diesel Generator offer?

A4: The Perkins Diesel Generator offers both single and three phase voltage.

Q5: Is the Perkins Diesel Generator energy efficient?

A5: Yes, the Perkins Diesel Generator is designed to be energy efficient.
