Basic Information

- Place of Origin: China
- Brand Name: Ricardo
- Certification: ISO9001, ISO14001, CE
- Model Number: K4100D
- Minimum Order Quantity: 1 Set
- Price: 1560USD
- Packaging Details: Please consult customer service.
- Delivery Time: About 30-50 days
- Payment Terms: L/C, T/T, Western Union, MoneyGram
- Supply Ability: 100 Set/Month

Product Specification

- Frequency: 50Hz
- Product: Diesel Generator
- Starting System: Electric Start
- Excitation Type: Brushless Self-excitation
- Engine: Ricardo N4105DS
- Rated Frequency: 50HZ/60HZ
- Output Type: AC Single/Three Phase
- Noise Level: $\leq 70\text{dB(A)}$
- Highlight: **30KW Ricardo Diesel Generator, Electric Start Ricardo Diesel Generator**

Product Description

Product Description:

30KW K4100D 50Hz/60Hz Rated Frequency Ricardo Diesel Generator With Ricardo Engine

Ricardo Diesel Backup Generator

The Ricardo Diesel Backup Generator is a reliable and powerful source of backup electricity for both residential and commercial use. With its superior engine and advanced features, this generator is designed to provide uninterrupted power supply during blackouts and emergencies.

Powered by the Ricardo N4105DS engine, this backup generator boasts a robust and durable build, making it suitable for heavy-duty use. The engine is designed to deliver efficient and consistent performance, ensuring that your home or business remains powered even during extended power outages.

The Excitation Type of this generator is Brushless Self-excitation, which means that it does not require an external power source to generate electricity. This feature makes the Ricardo Diesel Backup Generator a cost-effective and convenient option for backup power. It also eliminates the need for frequent maintenance, saving you time and money in the long run.

In addition to its superior engine, the Ricardo Diesel Backup Generator also boasts a low Noise Level of $\leq 70\text{dB(A)}$. This makes it a quiet and unobtrusive option for both residential and commercial use. You can rest assured that your daily activities will not be disrupted by loud generator noises, making it an ideal choice for businesses such as restaurants, hotels, and offices.

The package for this generator is Wooden Case Packing, ensuring safe and secure transportation to your desired location. The wooden case provides additional protection against any potential damage during shipping, giving you peace of mind that your generator will arrive in perfect condition.

The Frequency of the Ricardo Diesel Backup Generator is 50Hz, which is the standard frequency for electricity in many countries. This means that it can be used in various locations globally, making it a versatile and practical option for backup power.

Whether you need a backup generator for your home or business, the Ricardo Diesel Backup Generator is a top-of-the-line choice. With its powerful engine, convenient features, and reliable performance, it is an essential investment for anyone looking for a trustworthy and efficient backup power source.

Don't wait for a blackout to happen – be prepared with the Ricardo Diesel Backup Generator. Trust in the quality and performance of Ricardo Diesel Electricity Generator and ensure that your home or business remains powered at all times. Get your Ricardo Diesel Commercial Generator today and have peace of mind knowing that you are covered in case of any power emergencies.

Features:

Product Name: Ricardo Diesel Generator

Engine: Ricardo N4105DS

Product: Diesel Generator

Noise Level: $\leq 70\text{dB(A)}$

Excitation Type: Brushless Self-excitation

Package: Wooden Case Packing

Product Type:

Ricardo Diesel Prime Power Generator

Ricardo Diesel Emergency Generator

Ricardo Diesel Prime Power Generator

Ricardo Diesel Emergency Generator

Technical Parameters:

Product	Ricardo Diesel Backup Generator
Package	Wooden Case Packing
Noise Level	$\leq 70\text{dB(A)}$
Rated Frequency	50HZ/60HZ
Starting System	Electric Start
Excitation Type	Brushless Self-excitation
Output Type	AC Single/Three Phase
Engine	Ricardo N4105DS
Product	Ricardo Diesel Industrial Generator
Frequency	50Hz
Canopy	Customized

Applications:

Ricardo Diesel Generator

Product Description

The Ricardo Diesel Generator is a reliable and efficient power solution for various applications. With a brand name of Ricardo, this

generator is manufactured in China and meets high quality standards with certifications including ISO9001, ISO14001, and CE. It can be used for both emergency and residential purposes, making it a versatile choice for any situation.

Key Features

Starting System: Electric Start

Frequency: 50Hz

Noise Level: ≤ 70dB(A)

Canopy: Customized

Applications

The Ricardo Diesel Generator is suitable for a wide range of applications, including but not limited to:

Ricardo Diesel Emergency Generator: This generator is ideal for emergency situations where a reliable source of power is needed to keep essential equipment and systems running.

Ricardo Diesel Residential Generator: With its low noise level and customizable canopy, this generator is perfect for residential use, providing backup power for homes during power outages.

Ricardo Diesel Power Generator: The reliable and efficient performance of this generator makes it a great choice for various power generation needs, whether it's for construction sites, remote locations, or backup power for commercial buildings.

Packing and Shipping:

Ricardo Diesel Generator Packaging and Shipping

The Ricardo Diesel Generator is carefully packaged and shipped to ensure safe delivery to our customers. We take great care in the packaging process to protect the generator from any damage during transportation.

Packaging Process

Before packaging, the generator is thoroughly inspected to ensure it meets our quality standards. It is then carefully wrapped in protective materials to prevent any scratches or dents. The generator is then placed in a sturdy cardboard box and secured with straps to prevent any movement during transit.

Shipping Methods

We offer various shipping methods to cater to different customer needs. Our standard shipping option is by sea, which is the most cost-effective option for international delivery. For urgent orders, we also offer air freight for faster delivery.

Customs Declaration

For international orders, we will provide all necessary documents and certificates for customs clearance. Our experienced team will ensure that all necessary procedures and taxes are taken care of to ensure a smooth delivery process.

Delivery Time

The delivery time will depend on the shipping method chosen and the destination. For sea freight, it usually takes 30-45 days for the generator to arrive at the port. For air freight, the delivery time is usually 5-7 days.

Once the generator has been shipped, we will provide our customers with a tracking number so they can monitor the status of their delivery.

FAQ:

Q: What is the brand name of this product?

A: The brand name of this product is Ricardo.

Q: Where is this product manufactured?

A: This product is manufactured in China.

Q: What certifications does this product have?

A: This product has certifications of ISO9001, ISO14001, and CE.

Q: What is the minimum order quantity for this product?

A: The minimum order quantity for this product is 1 set.

Q: What is the packaging method for this product?

A: Please consult customer service for packaging details.
